GARDENS
AT FAIR PARK

FIRST THURSDAY OF THE MONTH

1 PM - 3 PM

Advance
Registration
Required

ABOUT HOMESCHOOL DAY

EXPLORE, LEARN, AND DISCOVER TOGETHER!

During each themed Homeschool Day, families travel at their own pace between activity stations located throughout Texas Discovery Gardens.

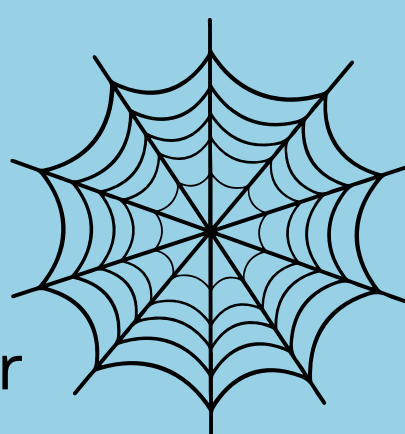

Each station offers a hands-on activity, experiment, craft, animal encounter, or other interactive experience connected to the day's theme.

Stations may be located indoors or outdoors.

Weather conditions are carefully considered, and activities will be moved when needed for the comfort and safety of our guests.

Families are also welcome to explore the Butterfly House and Gardens during their visit.

Pack a lunch and enjoy a picnic outdoors; please note that indoor dining space is not available.

September 3, 2026 Monarch Migration

Join us for our Annual Monarch Migration Celebration and learn about these amazing pollinators!

October 2026 No Homeschool Day

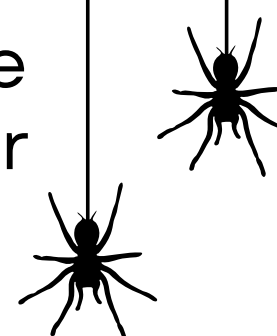

Visit us during the State Fair of Texas for Monarch Tagging!

November 5, 2026 The Great Pumpkin Investigation

Get ready for a pumpkin-packed adventure! Explore the science while having fun with pumpkins!

December 3, 2026 Christmas Spiders

Exploring the holiday legend of the Christmas Spider. Learn how arachnids are engineers and play an important role in our ecosystems.

Advance registration is required.

A **\$5 nonrefundable reservation fee per family** holds your family's spots. The reservation fee is separate from admission and is not refundable, transferable, or applied toward admission.

Members: Homeschool day is free with a valid membership plus reservation fee.

Non-members: Regular admission, plus reservation fee.

January 7, 2027 Snow Much Science!

Explore the science of snowflakes, crystals, symmetry, and winter weather through hands-on experiments and creative challenges.

February 4, 2027 Shadow Seekers

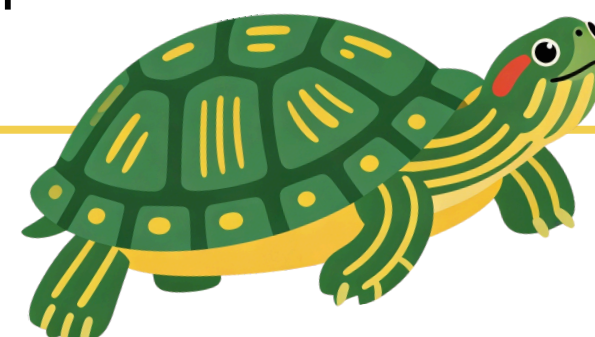

Celebrate Groundhog Day by exploring shadows, sunlight, weather, and seasonal changes.

March 4, 2027 Color Quest

Discover colorful science through prisms, bubbles, light experiments, and a rainbow scavenger hunt through the gardens.

April 1, 2027 STEM Trailblazers

Celebrate inspiring women in science with the new IF/THEN STEM Trail. Complete challenges and explore the presence of science in our lives.

May 6, 2027 Leonhardt Lagoon

Discover the incredible plants and animals that call Leonhardt Lagoon home. Explore the wetland ecosystem through hands-on activities and wildlife observations.

June 3, 2027 Annual Bug Hunt

It's time for our Annual Homeschool Bug Hunt! Join us as we learn all about insects and head into the garden to see what fascinating bugs we can find.

July 1, 2027 Butterfly Adventure

Journey through our tropical Butterfly House as you observe butterflies up close, discover their amazing life cycle, and learn how plants and pollinators work together.

August 5, 2027 Cool as Ice

Beat the Texas heat with frozen fun! Experiment with ice, discover states of matter, and explore cool science through hands-on investigations.
